Powered for heavy transports

VOLVO FH16

The Volvo FH16 is our most powerful truck, made for heavy assignments where extra power and torque are essential. With the D16 powertrain it can take on challenges that others are unable to complete. All with driver comfort taken to a new level.

Power in a league of its own

The D16 engine with its 700HP provides a full 3150 Nm of torque and makes the Volvo FH16 hard to beat. Combined with smart features it's the optimal choice for heavy haulage.

The industry leading gearbox

Volvo FH16 comes with I-Shift, the automated gearbox with smart features such as auto hold, optional crawler gears and terrain brakes. Smart features designed to make driving easier, safer, more efficient and more comfortable.

Outstanding comfort and safety

The comfortable cab with its smart features turns life on the road into quality time. Available with Camera Monitor System to increase your direct vision and enhance your night vision.

BENEFITS

- Unmatched power and torque
- I-Shift transmission
- Volvo Dynamic Steering
- Comfortable cabs
- Fuel-efficient powertrain

Volvo Dynamic Steering

Managing heavy loads in low-speed maneuvers or driving at high speeds in ruts or over potholes? Volvo Dynamic Steering is there like a steady hand to make driving easier.

Pump some serious bass

The sound and infotainment system of Volvo FH16 comes with speakers powerful enough to match the power under the hood. Six premium speakers with optional subwoofer deliver stellar audio that will improve your workday.
